INTRODUCTION

CII Awards on Excellence for Women in STEM is an initiative committed to promoting and enhancing the representation of women in Science, Technology, Engineering, and Mathematics (STEM) in industry and institutes.

As we embark on this transformative journey during India's *Amritkaal*, we realize there are few doors that still need to be unlocked such as bringing equal representation of Women in STEM Workforce. Towards this cause, CII pledges to launch '**Women in STEM**' as a **movement** across the nation and the globe, as one of the key goals of CII National Mission on Technology, Innovation and Research.

These awards are a step towards realizing CII's and nation's vision for Gender equality in STEM. This initiative is a resounding testament to our commitment to promoting diversity and inclusivity, recognizing that the active participation of women is integral to driving progress of organizations through innovation in STEM.

The primary focus of the CII Awards on Excellence for Women in STEM for Organizations and Institutes is to champion entities that have demonstrated exemplary efforts in enhancing the representation of women in STEM fields. By shining a spotlight on organizations and institutes that prioritize gender diversity, we aim to inspire others to follow, fostering a culture where women in STEM are not only recognized but actively supported and promoted.

The year 2024 marks the first edition of the CII Awards on Excellence for Women in STEM which will serve as a catalyst for change—a call to action for organizations and institutions to actively contribute to the creation of an equitable and diverse future in STEM. By participating in the CII Awards, you align yourself with a movement that values, celebrates, and empowers women in STEM, recognizing their invaluable contributions in shaping the technological advancements of future.

We invite you to join us in this groundbreaking initiative, where we collectively strive to break barriers, challenge norms, and pave the way for increased representation and recognition of women in the ever-evolving landscape of STEM. The CII Awards on Excellence for Women in STEM beckon organizations and institutes to be architects of change, propelling us towards a future where diversity and excellence go hand in hand in the realm of science and technology.

ABOUT CII

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering Industry, Government and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, with around 9,000 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from 286 national and regional sectoral industry bodies.

For more than 125 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

As India strategizes for the next 25 years to India@100, Indian industry must scale the competitiveness ladder to drive growth. It must also internalize the tenets of sustainability and climate action and accelerate its globalisation journey for leadership in a changing world. The role played by Indian industry will be central to the country's progress and success as a nation. CII, with the Theme for 2023-24 as 'Towards a Competitive and Sustainable India@100: Growth, Inclusiveness, Globalisation, Building Trust' has prioritized 6 action themes that will catalyze the journey of the country towards the vision of India@100.

With 65 offices, including 10 Centres of Excellence, in India, and 8 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with 350 counterpart organizations in 133 countries, CII serves as a reference point for Indian industry and the international business community.
